

TOGETHER FOR A CLEANER DESTINATION

A CALL TO TOURISTS AND SERVICE PROVIDERS
TO REDUCE AND RECYCLE WASTE

WHY IS THIS IMPORTANT?

Every year, tourism generates large amounts of waste, especially plastic and single-use packaging. Together, we can preserve the beauty and cleanliness of our destination – for ourselves, our guests, and future generations!

FOR TOURISM SERVICE PROVIDERS

- ✔ Provide clearly visible waste separation bins (plastic, paper, bio-waste, glass).
- ✔ Use reusable products: glass bottles, plates, cutlery.
- ✔ Purchase local and seasonal products – less packaging, less waste.
- ✔ Train your staff on proper waste sorting.
- ✔ Encourage guests to participate – with messages in rooms and informational materials.

FOR OUR DEAR GUESTS

- 💧 Use a refillable water bottle.
- 🛍 Shop locally and bring your own reusable cloth bag.
- ✂ Avoid single-use plastic.
- ♻ Sort your waste at your accommodation and in public areas – every bottle, can, and piece of paper counts!
- 🛏 Avoid requesting daily linen and towel changes – you help conserve resources!

TOGETHER WE ARE STRONGER!

Svaka mala promjena **stvari veliku razliku**. Kao pružatelj usluga ili posjetitelj – **vi ste dio rješenja!**

- 🌱 Sustainable tourism starts with you.
- ♥ Thank you for protecting our destination!
